INSPIRE | DOLINA 3 STAWÓW | STAGE I, BUILDING E | 2 ROOMS, Floor 5.

For sale, a 2-room apartment on the 5th floor overlooking the ponds and walking path, located in the new INSPIRE development in Katowice, building E.

ABOUT THE ESTATE: INSPIRE is a new investment by the renowned developer OKAM, located just minutes from the city center, near a park and ponds.
The neighborhood offers recreational areas with bicycle and pedestrian paths and a roller coaster track, perfect for those who value active leisure. The location provides quick access to the city center, with bus transportation nearby, and numerous service points. Inspire aims to go beyond the concept of four walls. A residents zone will be created, featuring a fitness room, a games room with table football, and billiards.
The development will feature carefully planned greenery surrounding the residential buildings, as well as a green zone for shared recreation for residents, with integrated small-scale architecture, including for children.
The central part of the recreational area will be a walking ravine, with benches planned. The development will feature amenities such as a residents zone (meeting room, billiards, and foosball), a fitness room, free bicycle and electric vehicle rentals, charging points for electric vehicles, a stroller and bicycle storage room, a bicycle repair shop, and photovoltaic installations. The buildings were designed with exceptional care and attention to detail. Balconies, loggias, and terraces have been integrated into the building structure. The development will be monitored and secured, and the entire area will be fenced and gated.

Additionally, all apartments will be equipped with a video intercom system and burglar-proof doors. Ultimately, 450 apartments will be built in seven buildings, all with functional layouts and the possibility of interconnecting. Large windows (up to 2.5 meters high) will provide ample natural light.
