ABOUT THE PROJECT: Tuwima 88 is a modern residential building developed by ResiCapital, located in the very heart of Łódź, at the intersection of Tuwima, Wierzbowa, Tramwajowa, and Al. Rodziny Grohmanów streets. The building was completed in 2026 and is part of a larger residential complex within this development. APARTMENT DESCRIPTION A functional studio apartment with an area of 31.32 m² is for sale, located on the high ground floor. The apartment is in a developer’s finish state, allowing the new owner to fully customize it according to their own taste and needs—whether based on the ready-made interior design plan included with the listing or according to their own individual concept. The well-thought-out layout allows for the creation of a comfortable sleeping alcove, which provides a functional division between the living and sleeping areas—an ideal solution for both a single person and a couple. The windows overlook an interior patio, ensuring peace and quiet despite the very central location.
