Offer description:

UNIQUE BUILDING – OLD PRINTING HOUSE – a carefully revitalized post-industrial building. RESTORED OLD PRINTING HOUSE BUILDING – G2 | NEW BUILDING with elevator | NICE 2-BEDROOM APARTMENT | 3RD FLOOR | BALCONY BUILDING: The Old Printing House building is one of the partially restored buildings included in the Fuzja project. This modern building with a historic facade has all the amenities of a new development – modern staircases, elegant common areas, and elevators. The original walls of the historic buildings have been restored, including the authentic Łódź brick that distinguishes the factory buildings. The cast-iron pillars, staircase elements, and window glazing bars have also been restored. The

common spaces surrounding the lofts and loft apartments are finished in a minimalist style using concrete, tempered steel, and glass. One interesting solution is the adaptation of cast iron columns that once supported the ceilings, which will now welcome residents and visitors with an original colonnade. ABOUT FUZJA: A unique project consisting of 20 buildings for various purposes, 14 of which are adapted historical buildings. Its heart is the historic Art Nouveau CHP plant and the surrounding square, built on the site of the former Karol Scheibler factory. Modern residential buildings and office buildings have already been completed, including the Łódź offices of Fujitsu Poland Global Delivery Centre. FOR RESIDENTS: Residents' Club, a creative playground for children, Anna's Gardens – a leafy square, and historical details – staircases with original artifacts harking back to the industrial past. Eco-friendly solutions include Archicom Smart – smart home solutions, a wireless smart home management system. Archicom Life Services – access to common areas via a smartphone app, parcel pickup point, electric vehicle charging station, recreational areas, and bicycle storage. APARTMENT DESCRIPTION: New 2-room apartment ready for customization with a balcony. A peaceful, bright window exposure. Large windows provide excellent lighting. Both rooms have access to a long terrace. The apartment is located in the Stara Drukarnia building (on Tymienieckiego Street) on the 2nd floor of a stylish building. The apartment consists of: – a bright living room with a kitchenette with balcony access – a separate bedroom – a bathroom – a hallway – a balcony. The apartment is in developer's standard. Window exposure: south. CALL and inquire about other apartments in Fuzja. We offer apartments with loft windows on the ground floor with a garden, two-level apartments (overlooking a private area reserved for residents), and modern 1, 2, and 3-room apartments on the upper floors. Call and inquire about available apartments. All apartments are ready for collection, with keys held at the agency. As a real estate agency, we charge a commission for our brokerage services. This announcement is for information purposes only and does not constitute an offer within the meaning of Article 66 § 1 of the Civil Code. ESTATE: Fuzja is a new urban space conducive to living, working, and relaxing. The project consists of four residential buildings with over 600 units, as well as offices with a total area of approximately 40,000 square meters. The historic buildings also house space for services, shops, and restaurants. New public squares, common spaces, and green areas occupy nearly 4 hectares. Residents and users of Fuzja can take advantage of numerous amenities, including car sharing services, bike paths, bicycle service stations, parcel lockers, and electric chargers. All this makes Fuzja, a carefully thought-out, exceptional investment, a unique place on the map of Łódź, attractive to residents and tourists.
